President Cannon, in response, referred feelingly to the Juvenile, which he has published for thirty-five years, but said he thought the time was ripe when the union should own it, as it was published in their interest alwars. Services over the remains of Joseph H. McMaster, who was accidentally drowned at Colby, Kan., while en route to Kansas City, were held at the Eleventh ward meeting house at noon yesterday. A large concourse of the deceased's relatives and friends and the members of the Salt Lake Typographical union, who had the funeral in charge, were present at the mission where, in his cashion. ical union, who had the funeral in charge, were present at the mission, where, in his earlier years, McMaster was so well known for the activity he displayed in the spreading of the sentiments of religion and righteousness. The sentiment expressed in the several short sermons by Bishop Morris and Counselors Felt and Livingston over the body voiced nothing but regret at the loss that had been sustained by his many friends and sympathy for the sorrowing relatives, who should look for consolation in the upright life of the departed. The floral offerings were beautiful. The interment was at the City cemetery, and the pallbearers were D. E. Williamson, Charles S. Nichols, Arthur E. Graham, Frank Hart, O. F. Ball and J. E. Audience. (Special Correspondence.) ver City, Oct. 7.—Fisher S. Harris

Silver City, Oct. 7.—Fisher S. Harris and T. D. Johnson spoke to a large and enthusiastic audience at Riters' hall here last night. The speakers came over from Eureka Saturday morning, and spoke at Diamond Saturday afternoon. They were met here in the evening by the Eureka band, which dispersed some excellent music. Both of these gentlemen made good, interesting and logical addresses, and their meeting differed greatly from that held by the three Republican spell-binders in the same building some days ago.

binders in the same building some days ago.

Air. Johnson's speech was devoted mainly to imperialism, while Air. Harris dealt with the trusts and free silver, showing up the inconsistency of the many Republicans who joined the ranks of Democracy for the cause of the white metal and the falling back into the party of gold and trusts in the coming election.

F. H. Holzheimer was also present and made a brief speech.

Silver City will come to the front with a large majority for every Democratic candidate on the national, state and county tickets.

In the evening a grand rally was held at the Hardy hall, F. J. Cannon being the speaker. He went after the Republicans in a way that made them feel very uncomfortable, showing up that party as the party of broken promises, friends of trusts and monopolies, the enemy to the workingman and silver mine owners. The victory of Bryan meant free silver and prosperity.

(Special Correspondence.)
Ephraim, Oct. 7.—Thomas Fitch spoke to Democratic Speakers Address a Large fair-sized audience at the opera house n this city last night, and to say that the meeting was a disappointment would be to express it very mildly.

they did, resulting in the house being filled when the speaker appeared on the platform.

Mr. Fitch began with the stale old tariff arguments of years ago, and then took up the trust question by declaring that The Herald in a recent editorial had defended the round cotton hale trust. To the surprise and evident disgust of his audience, he entered upon an elaborate defense of trusts, particularly the Standard Oil trust, stating that it had reduced the price of oil from 50 cents a gallon to 3 cents a gallon for their oil, they failed to see the beauty of the argument. He denied that there was a fight in this campaign between the dollar and the man, and said that if such a fight ever did come, God help the man, for the dollar would go into hiding and the man would starve.

He claimed that under this administration there was "equality of opportunity" for every man.

The speaker next took up the silver question and made the usual argument for the gold standard. He told how he had advocated silver in 1896, but at that time he said silver was 90 and 95 cents an ounce; but now he said Uncie Sam would be a fool to declare for the free coinage of silver. He said the banks would be the gainers by a free coinage act, but did not tell why, if that were true, the banks were all fighting free coinage.

M'CULLACH WRITES DEVERY After Dinner

SAYS FRAUD IS INTENDED.

Colonization Is Going on Be

New York, Oct. 7.—John McCullach, tate superintendent of elections for the fetropolitan district, today sent out letters to the authorities of this city, touch

ng on the coming elections. In a letter

to Chief of Police Devery, Mr. McCullach calls attention to the dates of registra-tion, and says:
"The past experience of this department

dmonstrates very clearly that the sources of the debauchment of the franchise in the city of New York are chiefly found in

loons run under the guise of hotels in or-

der to evade the provisions of the excise law and dives of even baser softs."

Mr. McCullach details the successful prosecution of illegal voters and their sponsors after the elections of November, 1859, and calls attention to the fact that the evidence in these cases showed that they were engineered by persons having official connection with the city government, and that the illegal voters were drawn from the sources quoted in the abstract of the letter given above. He says that he has lately caused the investigation of such resorts in the city of New York, and has in his possession sworn affidavits establishing violations of almost every provision of law and ordinances relating to such places. From the evidence that has come into his possession he is convinced that an attempt is being made to colonize illegal voters for the next general election in and from these places.

Mr. McCullach submits the addresses of over 300 saloons or other resorts alleged to be of the character mentioned, and says that if prompt action is not taken by Chief Devery in suppressing these resorts he will invoke the aid of the state authorities. His letter closes with a demand that the chief and the members of his command shall give to the superintendent of elections all the aid in his power.
